Stamas Co-Sponsors Resolution Supporting U.S. Troops

LANSING- Senator Tony Stamas, R-Midland, today announced his co-sponsorship of a resolution to express support for Michigan military and their families.

Along with his co-sponsorship of Senate Resolution 38, Stamas has offered the following statement:

Senate Resolution 38 honors the men and women in Michigan who have responded to the call of duty of the United States of America. Our military personnel have sacrificed many things in their lives to protect our freedoms, liberties and safety. I would like to personally thank these brave men and women for helping to make the world a safe place and protecting us and the future generations of this great country. And, we cannot forget the families of our military who also have made tremendous sacrifices while our country and troops fight for our cherished freedoms.

Senate Resolution 38, co-sponsored by Stamas, today passed 37-0 in the Michigan Senate.
